SWAGGER YOUNG MEN

Have learned that it is not necessary to have a great number of suits of clothing to present a fine appearance all the time. They have learned that all that is necessary is to send their apparel here to be

CLEANED AND PRESSED

That keeps them new looking, keeps them so shapely that friends are wondering how they can afford to keep on buying so many new suits. Follow their example and you will be wise.

Announce a profit giving, very special sale on all Pianos and Player Pianos in stock from October 31st to November 15th. This sale is an Agency Discontinuance Sale

20 PER CENT DISCOUNT WILL BE ALLOWED ON ALL FORMER LOW PRICES

A few old Standard Piano Manufacturing Companies have offered to stand the expense of disposing of all "odds and ends" upon condition that we devote ourselves to their lines exclusively in future. They are willing that their instruments appear in the sale in order to give it the right attractive flavor.

Thus, commencing October 31st and until November 15th, or as long as the present stock lasts, all Pianos and Players will be sold at the exceptionally low discount of 20 per cent, with proportionate discount for long time installment contracts for those who want time.

It is needless to say that this is an unusual chance of securing a Piano or Player-Piano at the lowest possible cost.

HOUSEWORK BURDENSOME

Lady in Texas Seeks Relief, and Outlines Her Plan in Interesting Letter.

Houston, Tex.—"For five years," writes Mrs. L. Pulenchek, 2417 Tackaberry street, "I suffered with pains all over, especially in my back and side, and was so weak I could hardly do my housework. A friend told me of Cardul. Since taking it, I feel so much better! Now I can do all my housework and am not bothered with pains at all. Cardul has been a wonderful help to me."

Pains of any kind, especially backache or pain in the side, are generally signs of womanly trouble.

Weakness and misery are signs that you need a tonic.

Cardul, the woman's tonic, has proven especially beneficial in such cases, whether for pains from too much walking, standing, stooping, or for general nervousness.

Cardul does not relieve by deadening the nerves, but acts permanently, by building up the general strength, where it is most needed, and restoring the system to health.

Cardul has helped thousands of weak women during the past 50 years. It will surely do for you, what it has done for them.

Your druggist (and 39,999 others) sell Cardul.

See yours, or the nearest one, today.

PHOENIX NATIONAL BANK IN ITS REMODELED HOME

Its Elegant New Quarters Will Be Occupied This Morning.

The Phoenix National Bank will be open for business this morning in its elegant new quarters, the enlargement of its banking room and the installation of the new equipment having been completed. There is now no handsomer banking house on the entire Pacific coast than that of the Phoenix National. All of the wood work in view except that of the floors is of polished mahogany. There are eight cages for the different departments, all in view of the compartments reserved for the officers of the bank and their assistants whose view also commands patrons entering the bank, so that they shall not lack attention.

The assistant tellers' desks are in the rear of the cages and there is a desk in the rear for bookkeepers for the assistants.

There is a handsome reading room for the clerks, numerous compartments of one kind or another and a retiring apartment for ladies, easily accessible from the lobby. The large and elegantly furnished directors' room is in the rear, in the northwest corner.

There are three vaults, one for the safety deposit department, one for cash and one for books and papers. The second is burglar and fire proof while the others are fire proof.

The remodeling of the bank was begun on July 4 and has been completed at a cost of about \$25,000.

The Phoenix National as all the other banks of the city this week, will close at noon.

The Best Hotel In All New York

Where to Stay If You Want to Be Comfortable, Live Well, Be in the Center of Everything and Pay Only Moderate Prices.

Almost every hotel in New York has claims to advance as being the "best" in the city in some particular, but it is safe to say that in all the city over there is no hotel which can seriously rival the Famous New Grand Hotel and Annex.

Within a stone's throw of the new Pennsylvania R. R. Station, right in the heart of everything, this beautiful Home Hotel is located at the corner of Broadway and Thirty-first street.

This is the favorite stopping place for merchants visiting the metropolis, for commercial travelers, for sight-seers, for globe trotters and all travelers who appreciate home comforts, attentive personal service and quite home-like refinement.

Here one can enjoy the most tempting French, German and Italian dishes as well as the finest of good American cooking. Dainty club breakfasts may be had as low as 25 cents, while for \$1.25 the finest Table d'Hotel dinner ever offered at such a reasonable price can be had every evening or with wine of choice. Vintage \$1.50 each. You will appreciate the beautiful Moorish Dining Room and other attractive and special features of the New Annex.

Handsomely furnished rooms as low as \$1.50 per day—rooms with private bath, or fine suites at equally reasonable prices. Fifty large, light sample rooms for the convenience of commercial travelers—The Grand with its fine, large, new Annex are absolutely fire-proof and modern in every respect.

By sending your name and address to George F. Hulbert, President and General Manager, you may obtain free of charge a practical guide to New York (with maps).

AVIATION RESUMED AT BALTIMORE MEET

Pleasure Marred By the Application of an Old Blue Law.

Baltimore, Md., Nov. 6.—The Baltimore aviation meet, interrupted by the storm of Thursday, which wrecked the hangars and damaged several aeroplanes, was resumed this afternoon.

But the troubles of the promoters are not yet at an end. Many excursionists came from different points and knowing they would be there, the officials determined to resume the program today, notwithstanding the commissioners of Baltimore county had declared last night they would not permit it.

The possibility of police interference reduced the attendance. However, the county police contented themselves with arresting several ticket sellers and other officials who were taken before a justice of the peace and released under bail. The county commissioners are said to have acted under a very old "blue law."

The aviators had not made as good progress as anticipated in repairing their aeroplanes, so there were no formal contests. Latham made exhibition flights, the altitude of which scored 2,100 feet.

Brexel reached the field late but shortly after arriving, he made a try at altitude reached 3,500 feet. Both flyers reported very low temperatures. The contests will be resumed tomorrow.

END OF INDIAN SCHOOL CAR LINE. PHONE, COUNTY 15.

200 hundred Knights and Pythian sisters together with many friends of the order gathered in the hall and listened to eloquent eulogies by Governor R. E. Sloan and Everett N. Phillips of the Christian church.

When the services were opened Grand Chancellor J. Fred Cleveland delivered a brief address in which he set forth the purpose of the gathering and made touching mention of the deceased Pythians. He was followed by Governor Sloan, who delivered a forceful address, the theme of which was "The Bearing of Fraternism On the Territory."

Miss Christine Thiers, accompanied on the piano by Miss Johnson, rendered a sacred soprano solo which was particularly beautiful and served to demonstrate the fact that Miss Thiers is possessed of a wonderful voice of wide range and mellow qualities.

Everett N. Phillips, pastor of the Christian church, who will be one of a class of fifty-six to be initiated this evening, addressed the gathering on the subject of fraternalism and fellowship. Miss Anna Luke also rendered a vocal solo which was well received.

During the exercises the Beane Orchestra rendered a number of appropriate selections.

Beginning at 10 o'clock this morning, the Grand Lodge of the Arizona Knights of Pythias will open the twenty-seventh annual session. The first work will be the distribution of the reports of officers, the introduction of new legislation and committee work. The second day's session will be devoted to hearing the reports of the various committees, the introduction of new legislation and the election of grand lodge officers to serve the succeeding year.

This evening the grand lodge officers will confer the work of the rank of page on fifty-six new members joining the local lodge, and will in addition initiate several new members from the various lodges of the territory. This is supposed to be the largest number of members ever initiated into an organized lodge in the territory. It was possible to secure these new members through the hard work of the local members acting under a dispensation from the Supreme lodge.

The Grand Temple of the Pythian Sisters will also convene today and will be in session until tomorrow. In the evening tomorrow the Sisters and Knights who belong to the Pythian

ian Sisters lodge will be entertained at a banquet at the Ford Hotel which will immediately follow a theater party at the Majestic theater.

THE HARROW TO BUY

THE ECONOMY DISC HARROW acknowledges no equal. There is not another harrow on the market that presents so many valuable features. It is a graceful, neat appearing implement, and at the same time has strength to spare. The frame bars are of high carbon steel, as stiff and hard as can be worked in a blacksmith shop. The discs are heavy, with long, sharp bevel, and nicely polished. The spools have a large face that acts as a brace for center of disc and prevents breakage in rough work. The harrow has great flexibility and readily adapts itself to uneven ground. One section may override obstructions or dip into dead furrows without affecting the work of the other section. The gangs cut a uniform depth their entire length. The bearings are of hard maple, with double surface to meet the end wear.

DOUBLE LEVER ECONOMY.

A patented spring device gives both inside and outside bearings an equal amount of end thrust. By using this device it is unnecessary to have any contact between the inner ends of disc gangs, thus insuring greater flexibility, less friction and lighter draft. The scrapers are the most satisfactory to be found on any disc harrow. The openings in the brackets are so shaped as to admit of the scraper bar being rocked back and forth with the foot levers, thus forcing the blades to sweep the entire face of the discs from center to edge. The scraper is always held firmly against the face of the disc.

The Economy Disc Harrow is also made with double lever, and where such an implement is in demand it finds no superior. Having independent levers, each gang can be set at any desired angle independently of the other.
